

**Your Invitation to:
'The Forest Friends'
Walk, Find & Play'**

TH #202

"An interactive walk for you and your young grandchild, where Nature meets Your Imagination, face to face!"

1. **Squirrels and Chipmunks** love to eat nuts! Can you find any of these forest friends?
2. **Bunnies** are so quiet. Can you find a bunny and whisper "Hello"
3. Say "Tweet - Tweet" to any **Birds** you find.
4. These **Forest Friends** love to 'swing'. Can you give them a little push and help them say, "Weeeeeee!"
5. The **Little village** below our swinging friends may need help organizing and building paths to each home.
6. In the same area, look for the **Gardening Gnome**. Does he have a green thumb?
7. Find the **Butterfly Path** and blow a kiss to your favorite one. Help him fly by flapping his wings.
8. **Wishing Well**: see if you can find it and make a wish.
9. **The Troll Bridge**: the '**Troll**' lives under the bridge... and loves to nibble on ankles... You **WILL** need to know this secret: "The Troll will sleep like a baby, if you **Sing** as you walk across the Troll Bridge... His favorite songs are; "Somewhere Over the Rainbow", and "You Are My Sunshine."
10. Count how many **Frogs** you can find in '**Frog Creek**'.
11. **Catch and Release**: stay for a while and try to catch a water creature, with 'Catch and Release' fun.
12. **The Magical Kingdom Castle**: at the end of the path, you will find the Royal Kingdom. Sometimes it needs a little help to keep it beautiful. You can rearrange the Royal friends, and the decorations as you like. You may also want to bring a special stone, sparkle or a decorative bird or fairy house to add to the Kingdom.
13. On your way out, find a friendly **Fox** and give him a wave. What might his name be?
14. As you are leaving, find a **Bird with very big eyes**, and who loves to say "Whoooo – Whoooo". Can you tell him your name. How many friends does he have?
15. **So Many Forest Friends**: Did you find all the Forest friends: **frogs, squirrel, monkeys, dinosaur, horses, chipmunk, owls, fox, cat, raccoon, deer, bear, nesting birds, water bird, bunnies, butterflies, a black cat** and of course, **gnome and fairies**. Most important, **DID YOU SEE THE TROLL??** Which forest friend is your favorite?

'Forest Friends' Rules:

Enter from TH#202, driveway, so you won't miss any of the Forest Friends- then walk along side and back

- Please leave the flowers on the path to grow and be beautiful
- Play, Sing, and Enjoy, with your 'Grand' (grandparent or grandkids).
- Come anytime, no appointment necessary. Open June 1 until Oct 1.
- 'Magical Spider Wand' located near side door, and water fountain... (To get rid of spider webs on the walk.)
