

Your Invitation to: 'The Forest Friends' Walk, Find & Play'

TH #202

"An interactive walk for you and your young grandchild, where Nature meets Your Imagination, face to face!"

1. **"NEW": Wishing Well:** Find the new Wishing Well, and lower the bucket. Choose 2 shiny nuggets, and put them in your pocket. Later, when you find the bridge, make a wish and put one shiny nugget in the stream. The other nugget is for you to keep.
2. **Squirrels and Chipmunks** love to eat nuts! Can you find any of these forest friends?
3. **Bunnies** are so quiet. Can you find a bunny and whisper "Hello"
4. Say "Tweet - Tweet" to any **Birds** you find.
5. **"NEW":** Spy blue winged fly, purple winged fly, orange dragon fly, ladybug, dragon fly & green moth.
6. The **Little village** under the tall evergreen, may need help organizing and building paths to each home.
7. Just above (#6), these Forest Friends love to 'swing'. Can you give them a little push.
8. In the same area, look for the **Gardening Gnome**. Does he have a green thumb?
9. Find the **Butterfly Path** and blow a kiss to your favorite one. Help him fly by flapping his wings.
10. **The Troll Bridge:** the '**Troll**' lives under the bridge... and loves to nibble on ankles... You **WILL** need to know this secret: "The Troll will sleep like a baby, if you **Sing** as you walk across the Troll Bridge... His favorite songs are; "Somewhere Over the Rainbow", and "You Are My Sunshine."
11. Count how many **Frogs** you can find in '**Frog Creek**'.
12. **Catch and Release:** stay for a while and try to catch a water creature, with 'Catch and Release' fun.
13. **The Magical Kingdom Castle:** at the end of the path, you will find the Royal Kingdom. Sometimes it needs a little help to keep it beautiful. You can rearrange the Royal friends, and the decorations as you like. You may also want to bring a special stone, sparkle or a decorative bird or fairy house to add to the Kingdom.
14. On your way out, find a friendly **Fox** and give him a wave. Can you help name him?
15. As you are leaving, find a **Bird with very big eyes**, and who loves to say "Whooooo – Whooooo". Can you tell him your name. How many friends does he have?
16. **So Many Forest Friends:** Did you find all the Forest friends: **frogs, squirrel, monkeys, dinosaur, horses, chipmunk, owls, fox, cat, raccoon, deer, bear, nesting birds, water bird, bunnies, butterflies, all the flying insects, a black cat** and of course, **gnome and fairies**. Most important, **DID YOU SEE THE TROLL??** Which forest friend is your favorite?

'Enter from TH#202, driveway, so you won't miss any of the Forest Friends- then walk along side and back

- Please leave the flowers on the path to grow and be beautiful
- Play, Sing, and Enjoy, with your 'Grand' (grandparent or grandkids).
- Come anytime, no appointment necessary. Open June 1 until Oct 1.
- 'Magical Spider Wand' located near side door, and water fountain... (To get rid of spider webs on the walk.)
