

## Your Invitation to: 'The Forest Friends' Walk, Find & Play'

TH #202

*"An interactive walk for you and your young grandchild, where Nature meets Your Imagination, face to face!"*

1. **"NEW": Wishing Well:** Find the new Wishing Well, and lower the bucket. Choose 2 shiny nuggets, and put them in your pocket. Later, when you find the bridge, make a wish and put one shiny nugget in the Frog Creek. The other nugget is for you to keep.
2. **Squirrels and Chipmunks** love to eat nuts! Can you find any of these forest friends?
3. **Bunnies** are so quiet. Can you find a bunny and whisper "Hello"
4. Find the **Humming Bird** Place, and hum for them.
5. When you see any **Birds**, say "Tweet - Tweet".
6. The **Little village** under the tall evergreen, may need help to tidy and sparkle each home.
7. Look up, and find **Forest Friends on swings**. Can you give them a little push and help them say, "WEEEE!"
8. In the same area, look for the **Gardening Gnome**. Does he have a green thumb?
9. Find the **Butterfly** Path and blow a kiss to your favorite one. Help him fly by flapping his wings.
10. **The Troll Bridge:** the 'Troll' lives under the bridge... and loves to nibble on ankles... You WILL need to know this secret: "The Troll will sleep like a baby, if you **Sing** as you walk across the Troll Bridge... His favorite songs are; "Somewhere Over the Rainbow", and "You Are My Sunshine."
11. Count how many **Frogs** you can find in 'Frog Creek'.
12. **Catch and Release:** stay for a while and try to catch a water creature, with 'Catch and Release' fun.
13. **"NEW": Spy the Bugs...** a blue winged fly, purple winged fly, orange dragon fly, ladybug, dragon fly & green moth.
14. **The Magical Kingdom Castle:** at the end of the path, you will find the Royal Kingdom. Sometimes it needs a little help to keep it beautiful. You can rearrange the Royal friends, and the decorations as you like. You may also want to come back and bring a special stone, sparkle or a decorative bird or fairy house to add to the Kingdom.
15. **On your way out, find a friendly Fox** and give him a wave. Can you help name him?
16. As you are leaving, find a **Bird with very big eyes**, and who loves to say "Whoooo – Whoooo". Can you tell him your name. How many friends does he have?
17. **So Many Forest Friends:** Did you find all the Forest friends: **frogs, squirrel, monkeys, horses, chipmunk, owls, fox, cat, raccoon, deer, bear, nesting birds, water bird, snail to carry gnomes, bunnies, butterflies, all the flying insects,** and of course, **fairies**. Most important, **DID YOU SEE THE TROLL?!**
18. Which forest friend is your favorite?

**'Enter from TH#202, driveway, so you won't miss any of the Forest Friends- then walk along side and back.**

- Please leave the flowers on the path to grow and be beautiful
- Play, Sing, and Enjoy, with your 'Grand' (grandparent or grandkids).
- Come anytime, no appointment necessary. Open June 1 until Oct 1.
- 'Magical Spider Wands' located near side door, and water fountain... (To get rid of spider webs on the walk.)
